Dear Mr. Syed:

APPLICATION FOR A JUNIOR. WEB DEVELOPER POSITION

I am writing in response to your listing on ZipRecruiter seeking a Jr. Web developer. I recently completed my master's in Computer Information Systems at New England College with a GPA of 3.8. I am a motivated and focused Software engineer with two years of experience in this field. With these qualifications, I strongly believe that I could be the person you are looking for.

During my master's I have covered courses like Cloud Computing, IT Project management, Network Communications, Information Security, Python Programming, Java, Data Base Design, Data Mining for Data Science. All these courses helped me to gain extensive knowledge in the field of software. Apart from my academics, I have also attended many workshops held at IITs and done certifications in Web development. I am a good team player and always maintain a good relationship with my superiors and juniors. I am confident that I shall never let you down with my performance. would like to work for your company because it is one of the top IT companies in the USA with world-class technology and staff.

I am excited about this opportunity and would like to interact with you regarding how my skills can be used for the company's growth. I have also attached a copy of my resume. If you have any questions you can reach me at mandalarevanth11@gmail.com. Thank you in advance for your consideration. I will follow up next week.

Yours sincerely,
Revanth Mandala
